CONFIDENTIAL TREATMENT REQUESTED

March 7, 2025

The Honorable Tim Walberg
 Chairman, Committee on Education & the Workforce
 U.S. House of Representatives
 Washington, D.C. 20515

Re: Columbia University's Production in Response to February 13, 2025 Letter

Dear Chairman Walberg:

On behalf of our client Columbia University, this letter and the accompanying materials are in response to questions from Committee staff regarding redactions to certain documents provided in Columbia's February 27, 2025, production. These documents were provided by Columbia in response to the Committee's February 13, 2025, letter to Columbia. We welcome the opportunity to engage cooperatively with the Committee and appreciate the productive discussions we have had with your staff to date.

Columbia is today producing certain documents that were provided to the Committee in the February 27 production with certain redactions removed. As explained to your staff, on February 27, Columbia produced disciplinary case files for the eleven events identified in the Committee's February 13, 2025, letter. As we noted in our February 27 production letter, counsel to Columbia applied redactions to remove Personally Identifiable Information (PII) as required by the Family Educational Rights and Privacy Act (FERPA). In some instances, documents in the production also contained redactions that were applied by the University before they were added to the relevant case file. At your staff's request, we reviewed certain sample documents that exist in the case file with redactions to determine if those redactions could be removed while maintaining compliance with FERPA. While the student PII redactions could not be removed, we have removed certain redactions covering headers and other formatting information to provide more context to the document. The newly produced documents are the report from Columbia's Department of Public Safety (Columbia-HCEW-00139651 to Columbia-HCEW-00139670) and summary memorandum (Columbia-HCEW-00139647 to Columbia-HCEW-00139650) regarding the April 30, 2024, Hamilton Hall incident.

Further, Committee staff requested that we provide additional context about the case files produced on February 27. To assist the Committee, we are providing with this letter a summary of the case files as Attachment 1. We hope this summary assists staff in its review of the materials.

Today's production may include customarily nonpublic, confidential, and proprietary business, commercial, and personal information concerning the University, its personnel, its affiliates, and its students. Columbia respectfully requests that these materials be treated as confidential and not disclosed outside the Committee and its staff. Materials produced to the Committee are submitted solely in connection with the Committee's investigation, and we trust that the Committee will treat sensitive documents and information accordingly. If the Committee should nonetheless consider the public release of such materials, we respectfully request that Columbia be given advance notice and an opportunity to discuss the matter with you. By producing materials to the Committee, Columbia does not intend to, and does not, waive any applicable privilege or other legal basis under which information may not be subject to production.

As always, we welcome further questions from staff as they continue their review. Columbia remains committed to assisting the Committee in its inquiry.

Sincerely,

Karen Elizabeth Christian
Counsel for Columbia University
